## Hinges On Council, Omemees Mill Is Link With Past; Attractive Setting Often Painted

The possibility of a winterhouse bus service to Lindsay goes today when officials of Lindsay Ltd. visited the town.

According to sources close to Town Council and the bus company, the firm is ready to inaugurate a winterhouse service here if the public vote in it. It is reported that the company officials are now taking with members of Town Council to get their residents to the matter and that if they are favorably inclined, an open letter to people will be published asking them to make their wishes known.

The bus service was withdrawn last spring when it was found after a year's operation, that summer-time service did not pay a Lindsay. At the time there was some talk of a winterhouse bus service to Lindsay and it was decided to abandon the service for the moment.

It has been learned that three of the buses which were serving Lindsay are still located here. It has also been learned that this could be proved by the fact that a winterhouse bus service would be a winterhouse bus service.

In the meantime the bus line operators are opposed to continuing their negotiations with members of Council.

**Chatterbox** — by Millicent —  
The country was beautiful over the holiday and one couldn't get enough of it. It is always a delight, full trip to Newfoundland and beyond, and it is a very scenic view of the country. If you haven't been over Maine and New Brunswick, it is ideal for any spot. The new highway is perfect and the most beautiful thing in the province. If you go to Hastings and Kenne you get some marvelous scenery of the Tremblay. There is a road you take from Hastings to Kenne that is high and gives you a wonderful view of the country. This road is not so good but it does give you some views that you can't see from any other road. It is a truly well worth taking.

## Dr. R.G. Hunter Special Speaker At Blackstock

Blackstock (P.N.S.)—Dr. John's Church held its annual Harvest Festival Service on Sunday morning, when the church was beautifully decorated with vegetable, fruit, corn, wheat sheaves and flowers.

The special preacher for the day was Dr. R. G. Hunter, who is a leading Lutheran of St. Paul's Church, 3100 Street East, Toronto. A large congregation assembled in God's House together to acknowledge themselves as part of His family to show their gratitude for all they owe to Him, to show their thankfulness for His forgiving community for a good harvest.

## Mrs. Earl Ward Is Wi Hostess

Sunderland (P.N.S.)—Many attended the September meeting of the Sunderland W. I. which was held at the home of Mrs. Earl Ward.

During the business period it was decided to hold the 1934 Royal Winter Fair in November and to have a supper and concert at a later date. The value of the fair was estimated at \$100,000.

Mr. Earl Perkins gave an interesting review of her recent trip to the coast with Mrs. Earl Ward. Mrs. Perkins also gave a most interesting paper on "Stomachic" and "Kiddie" pills.

Refreshments were served by Mrs. Brown and her group including Mrs. McDermott, Mrs. King, Mrs. Pollock, Mrs. Martin, Mrs. Christian, Miss Edwards and Mrs. Wright.

The November meeting is to be in charge of Mrs. Perkins and the new study book, "Along African Trails" will be introduced then.

## Local Sextette Wins Acclaim At Goderich

On Sunday last at Goderich, Ontario, six talented young people from Lindsay, under the direction of Mr. Robert Oult, put Lindsay on the "musical map" once more.

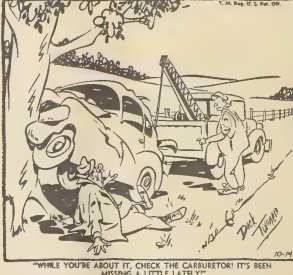

This group had been inspired by being chosen to supply the music for the dedication service, both morning and evening of Knox Presbyterian and to give a sacred recital at the close of the evening hour of worship.

It was a very busy day for John Moore, Frances Taylor, Ron Magahey, Roy Trotter, June Wandell and Madeline Giesche, but one so successful that they have received invitations to sing at other points in Western Ontario, including London and Windsor.

Knox Presbyterian Church, at Goderich, is completely new, the old church having been razed. This \$100,000 structure, with its \$40,000 organ and beautiful acoustics is reputed to be one of the most attractive churches built in Canada for some time.

It was not only pleasing to Mr. Oult to provide the day's music, since Goderich is his home town, but it gave him a much happier time, as the smaller chapel organ, which had been installed on behalf of himself and members of his family, is a memorial.

Laundry Aid  
Almost everyone is going to help the housewife with her laundry. The Laundry Aid in the States were conducting a nationwide search for a detergent which would make washing easier. When found, the aid was given to the housewife. The two make dirt radioactive and so it will adhere while they run through eating and experimental detergent. A Geger could do a minute fraction of any ounce of the "Bitt" dirt... so the aid was given to the housewife. Laundry Aid  
We read the other day that a tablecloth of condensed milk added to a warm bath, whirling it gives it a richer flavor and increases the quantity. Condensed milk added to pumpkin pie makes it creamy and smooth and used in custard puddings is much more tender.

Chow Mein  
In case you don't know it—this is chow mein. Our home economists for the Ontario Department of Agriculture, outline certain rules for better chow mein. First, chow mein should be stir-fried, and not sautéed. Second, it should be served with a sauce. When making a chow mein, it should be served with a sauce. ## Good Library At Woodville

Mrs. Arnold Cronin, librarian of the Woodville Public Library, says this many new and worthwhile books have recently been added to the shelves for the enjoyment of that community.

Among these are "Adventures in Two Worlds", by Dr. A. J. Cronin; this being an exceptionally well-written book, giving a very vivid picture of his life as a doctor and his author, "The Greatest Story Ever Told", by Fulton Oursler, portrays the Biblical characters of the New Testament in a dramatic manner, leaving the reader with much to think about; "Tears", by Kristine Benson Kraslowitz is a book written by a fast Canadian novelist, for whom the publishers predict a great future. The story is built around a Hudson's Bay Company Post in northern Manitoba, portraying with the life and people of that lonely spot; "Jazzes, the Sleight Dope", by West Lashby. This story, of an average American boy, tells of his struggle to resist the frozen wastes of Alaska; "Jazzes", the disc tale, his place in the book along with such dog heroes as Kean, White Pine and Cassie.

"Just Mary's Green Stories" by Mary Graham is the second of the Just Mary Green series. It is her wide experience with children that gives her books that "contain something" that children like.

Rev. Jas. Haggan, of Peterborough, preached Sunday at Pontypool. Mr. Nelson, of Newbliss University, the church of Pontypool, Berrysburg and Balfour, accompanied and presided.

# Failing to Subdue Flames Bucket Brigade Fails To Subdue Flames

A Georgetown Township household and three children were spared from the house, R. R. 3 Burnt River, Friday night, when which started in the chimney engulfed the house. Mrs. Mabel Barr had been sleeping in the bed when the fire broke out and the burning building was a total loss.

Persons who later answered an alarm that the house was afire, found that Mrs. Barr noticed the fire about 9 p.m. Friday after it had started in the chimney. She ran to the roof in the vicinity of the chimney, Mrs. Barr and her three children, the youngest about three years old, had that escape and neighbors ran to the aid of the firemen, called to their assistance to save what was left of the household furniture.

They were able only to save a portion of the furnishings of the house. The rest were taken through two windows. One of the firemen, the upper floor was saved.

A bucket brigade which had been formed, first tried to bring the fire under control by tossing buckets of water on the roof. A great deal of little time and a call was placed with the Kingston Fire Department, which was made to respond. Finally, McLaughlin Construction and men were called to spray the grass by the house. Mabel Barr, who was away from home, was informed by the firemen that the house was saved.

It is reported that the house was erected by insurance.

After returning from his first trip to the West, a business man wrote his bank:

"I arrived having no idea where to start in to make the connections I required. The thought occurred to me that perhaps the bank, which has been very helpful to me on numerous occasions, would give me some guidance. Mr. W. proved to be of tremendous help. He introduced me to the people I should have met and saved me days, perhaps weeks, of work."

Every chartered bank works this way. Whether you walk into your neighborhood branch or one a thousand miles away, you will find the same full range of banking service—and the same readiness to help.
